Judge Thurman's Regard for the Colored Man Extends Only to His Politics.

#### THURMAN AND THE NEGRO.

A Little Story Illustrating the Judge's Tenderness for Colored Men. \*pecial to the Indianapolis Journal.

WASHINGTON, Sept. 26 .- A colored man who was a messenger to the offices of the Secretary of the Treasury and the Comptroller of the Curvency for many years, and who was removed shortly after the incoming of the present administration, on the ground that he was a Republican, tells me an incident which illustrates the "love" of Judge Thurman for the colored

"I was appointed messenger to Secretary Boutwell's room," said the colored man, "during the last year of General Grant's first term in the White House. It was in the summer of 1871. I think. After doing messenger work around the offices of the various head officers of the department, I was assigned to work the sopying press in the office of the Comptroller of the Currency. A short time after Comptroller Trenholm took charge of the office-a little over two years ago-that officer said to me one day: 'I suppose you are a good Democrat; are "you not, John?' I replied that I was not, but, en the contrary, was a Republican, because the Republican party had given me freedom, the ballot and the position I occupied. 'Well,' said Mr. Trenholm, 'I think you ought to be a Demoerat now, because the Democratic administration is retaining you in office. Don't you think that you would be a Democrat if you were assured that you would be kept in this place?' replied that I could not be a Democrat, because I was, from principle, opposed to that party, ment and among my friends that I was a Republican with all my heart. A few months afterward," continued the colored man, "I resaived a notice of dismissal from Secretary Fairshild. I went to Comptroller Trenholm and asked him to retain me in my position, but was flatly informed that nothing could be done for me. The Comptroller expressed deep regret at my removal, and said he wished I could be retained, because I had been very faithful in every feature of my work. A strong indorsement was given me by the officers where I had worked, but I was told that I could not hope to retain my position except through Democratic influence. I was told by the Comptroller that Judge Thurman, of Ohio, to whose room I was once a messenger, and who is my personal triend, was then at the Ebbitt House, and that if I would go to him and secure his request for retention that I could be kept in my position. I went to see Judge Thurman, and he received me very kindly. 'I can only ask to have you re-tained,' said the Judge, 'as a Democrat. If you will announce that you are a Democrat, and will be one, and will permit me to recommend your retention as a Democrat, I am satisfied you will be kept in your place. Shall I do that?' I would have done almost anything to have retained my position, but that was too much to ask, and frankly told Judge Thurman that if he could not ask to have me retained on account of our old friendship and because he believed me to be faithful, I would have to go out of the federal service. The Judge then told me there was no use talking to him about keeping me in office; that if colored men want to keep their places under the Democratic administration they would have to turn Democrats, as no personal feeling would hold a black Republican in office."

made him almost invaluable. He says, however, that he never could become a Democrat for a financial consideration.

This colored man is now a waiter at the Eb-

bitt House. He has received, he tells me, a

number of propositions from Democrats con-

nected with the administration to return to his

old position, as he was a remarkably capable

measenger and copyist, and his familiarity with

the routine work of the Treasury Department,

and his personal acquaintance with public men

#### THE FIFTIETH CONGRESS. The Senate Transacts Routine Business and

Listens to a Couple of Speeches. WASHINGTON, Sept. 26.-Mr. Chandler, from the committee on paval affairs, reported the bill authorizing the President to issue a commission as rear admiral to Philip C. Johnson, to be dated Jan. 25, 1887, and to deliver the same to his widow. He asked its present consideration, and explained that Commodore Johnson became entitled to the promotion when on his death bed, and that his widow, as a matter of family pride for herself and children, desired to have the parchment. The commission would not affect in any way her rate of pension. The

The bill reported by Mr. Hoar on the 6th of February last, to provide for "inquests under national authority," was taken up, and Mr. George addressed the Senate on the subject, and the bill went over without action. Mr. Daniel addressed the Senate on the reso-

Aution to refer the President's annual message. He said that the Democracy had written on its banners: "Unnecessary taxation is unjust taxstion," and in that sign it would conquer or A committee on conference was ordered on the deficiency to 'I, and Senators Hale, Allison

bill was placed on the calendar.

Proceedings of the House, Washington, Sept. 26 .- Immediately after the reading of the Journal, Mr. Forney, of Ala-

bama, presented the conference report on the sundry civil appropriation bill. Mr. Cheadle, of Indiana, asked that the report lie over until to-morrow, on the ground that Senator Voorhees, who was very much inter-

ested in the library provision, was absent from the city. The request was acceded to, and the report went over until to-morrow. Mr. McRae, of Arkansas, from the committee on public lands, reported, and the House passed

without debate, a bill to forfeit certain lands granted to the Northern Pacific Railroad Company.

The Senate amendments to the deficiency bill

were non-consurred in, and a conference was Mr. Burnes, of Missouri, from the committee

on appropriations, reported back, with amendment, the Senate joint resolution appropriating \$100,000 for the relief of the yellow fever sufferers, and it was passed as amended. It appropriates the \$100,000 for the purpose of preventing the spread of yellow fever and cholers. Mr. Hooker, of Mississippi, called up and the House passed the bill to donate arms and equipments to Oregon for use of the militia of that

Indiana Congressmen Coming Home. Special to the Indianapolis Journal.

WASHINGTON, Sept. 26.—Representative Owen left the city this afternoon over the B. & O., via Cincinnati, for his home at Logansport, where he will enter the campaign actively the first of next week, and speak to most of his constituents. Only General Browne, Captain White and Mr. Cheadle, of the Republican members from the State, remain in the city, and the first two named will leave early next week for Indiana. Mr. Holman is the only Democratic member from the State now in Washington, and he will leave the city very shortly for his district. It is understood that an effort will be made to defeat the re-election of Mr. Holman this time, and the prospects for success are really encouraging to the Republicans.

John H. Oberly for Indian Commissioner, WASHINGTON, Sept. 26 .- The President today sent the following nominations to the Sen-

John H. Oberly, of Illinois, to be Commissioner of Indian Affairs, vice John D. C. Atkins, resigned; Samuel H. Albro, of New York, to be superintendent of Indian schools; VanCourt C. Yantis, of Missouri, to be assayer in charge of the United States assayer's office at St. Louis.

Mrs. Becker's Shortage.

Washington, Sept. 26 .- The recent deficiency the redemption division of the Treasurer's of fice turns out to have been a more serious matter than was at first supposed. Treasury officials are very reticent in regard to it, and very little can be learned beyond the fact that Mrs. Ernestine Becker, one of the oldest and most trusted counters in the redemption division, was found \$944 short in her cash, and has been dismissed the service after making good the de-

Justice Matthews Very Feeble.

WASHINGTON, Sept. 26 .- Justice Matthews of the Supreme Court continues in a very feeble condition, and he will in all probability be unable to take his seat on the bench when the October term of the court begins. The membranes of his stomach are said to be so inflamed as to prevent his retaining food. No callers are allowed to see him, and he is confined to his bed all the time.

General Notes. Special to the Indianapolis Journal

WASHINGTON, Sept. 26.-Washington is re ceiving a very large number of the yellow fever refugees who are leaving the districts of Florida by the thousand daily. The notels have begun to fill up rapidly, and more strangers have arrived this week than during the preceding two weeks. The weather in Washington is cool bright and pleasant. It is estimated that with in Washington and a distance of seventy-five miles there are 50,000 yellow fever refugees to-

Representative Kilgore, who was conspicuous in his services in the confederate army during the late war, has been set up by the Democratic side of the House to object to all legislation in favor of ex-Union soldiers and sailors, their widows and orphans. To-day Kilgors objected to the appropriation of \$10,000 for the establishment of a cemetery at Salisbury, N. C., for interment of bones of Union soldiers who were buried in trenches in that locality during the war, and for the burial of ex-Union soldiers who may die bereafter. Some more patriotic Demo-cratic friends attempted to shame him out of his position, but he declared he would oppose all such legislation discriminating between Union and confederate soldiers, dead or alive. By direction of the Acting Secretary of War, to complete the record, the muster into service of James B. Whaley as first lieutenant, Company A, Sixth Indiana Infantry Volunteers, May 1, 1864, is amended to date Jan. 1, 1864; bis discharge as first lieutenant, Sopt. 22, 1864, is amended to take effect July 5, 1864; he is mustered into service as captain, same company and regiment, to date July 6, 1864; mustered out and honorably discharged as captain Sept. 22, 1864; and he is mustered for pay in said grades during the periods embraced between the aforesaid

The wedding was one of the distinctively society events of the season consisting of the elite of this and adjoining cities, and with a few exceptions of regret, the full 400 invited guests were present. The church was magnificently decorated in honor of the event, a large platform being erected in front of the pulpit which, together with the niche in the wall, was a mass of flowers. Immediately over the couple hung the marriage bell of white roses. The decorations throughout other portions were profuse and in keeping. Promptly at 7 the procession entered the church, meeting at the altar. The bride was attended by Miss Fannie Bearss as maid of honor, and bridesmaids Misses Lucia Effinger, Anna Constant, Anna Parsons and Clara Higgins. AFFAIRS OF THE RAILWAYS.

Interesting Point as to Cut-Rate Tickets. CLEVELAND, O., Sept. 26 .- For a week the Pennsylvania Company has been cutting excursion rates between this city and Cincinnati, Columbus, Indianapolis and St. Louis. On account of the protest of the Cleveland, Akron & Columbus, whose line the Pennsylvania uses to Columbus, the cut rate to the latter city and Cincinnati was withdrawn Saturday evening. C. H. Hillard, of Cincinnati, on Saturday last purchased a return ticket from Cleveland to Columbus from a local scalper. It had been sold at Columbus at the cut rate, used one way and stamped as good for return passage at the Pennsylvania office in this city. The original purchaser sold it to a scalper, and he in turn disposed of it to Mr. Hillard. He presented it to a conductor on the Cleveland & Pittsburg road, and received in return a conductor's check. After the train had passed to the tracks of the Cleveland, Akron & Columbus, at Hudson, the conductor notified Mr. Hillard that be could not ride any further, as the Akron & Columbus would not accept the cut-rate ticket. He protested, but when the train reached Akron he was forcibly removed from the train with the assistance of a police officer. It seems that the Cleveland, Akron & Columbus passenger department notified the Pennsylvania Company that it did not sanction the cut, and would not recognize tickets sold from Columbus, as that city was the initial point of their own road. The Pennsylvania continued to sell the tickets, however, and an interesting point of law will be brought out as to the responsibility resting upon the Pennsylvania to live up to its contract with purchasers of the cut-rate tickets. Hillard will bring suit against the Pennsylvania Company at once, claiming heavy damages.

Receiver Wanted for the M., K. & T. Sr. Louis, Sept. 26 .- Argument on the application for the appointment of a receiver to take charge of the Missouri, Kansas & Texas railway property is now being heard in this city by Judge Brewer, of the United States Circuit Court. Thomas Hubbard and J. J. McCook appear for the Mercantile Trust Company; W. H. Peckham, for the Union Trust Company, trustess for the first mortgage bonds; Simon Sterne and S. B. Wheat for the Missouri, Kansas & Texas railroad; Judge John F. Dillon, for the Missouri Pacific, and W. N. Cromwell for English bondholders. Mr. Hubbard argued in favor of the appointment of a receiver. Judge Dillon formally objected, but Mr. Hubbard proceeded to read affidavits to sustain his application. Mr. Peckham, of the Union Trust Company, said he merely supported the Mercantile Trust bill. Mr. Sterne said he was present to resist the application on behalf of the M., K. & T. directors, Judge Dillon, general counsel for the Missouri Pacific, argued that his company should have an influential voice in selecting a receiver if the courts so decided to appoint one. The arguments were concluded this afternoon, and Judge Brewer stated that he would announce in the morning when he would render an opinion.

Pennsylvania Finances. PHILADELPHIA, Sept. 26.—The statement of business of all lines of the Pennsylvania Railroad Company east of Pittsburg, for August 1888, as compared with same month in 1887, shows an increase in gross earnings of \$368,927; an increase in expenses of \$127.041; an increase in net earnings of \$241,886. The eight months of 1888, as compared with the same period of 1887, show an increase in gross earnings of \$2,-924,443; an increase in expenses of \$1,844,312; an increase in net earnings of \$75,131. All lines west of Pittsburg and Erie for eight months of 1888 show a deficiency in meeting all liabilities of \$114.715, being a loss as compared with the same period of 1887, of \$607,846.

Partial Restoration of Freight Rates. CHICAGO, Sept. 26 .- A vote by telegraph today showed that all the lines in the Central Traffic Association are now unanimously in Savor of restoring rates to the tariff of March 5 on fourth, fifth and sixth classes. The right to drop to the present figures is reserved by the Reonsylvania Company, if the higher scale is proken by any other line. A restoration will take effect Oct. 8. A vote will be taken on the proposition to restore rates on the higher classes

The East-Bound Passenger War. Sr. Louis, Sept. 26. - There is no cessation in the east-bound passenger rate war, and there was another general out all around to-day. The rates to New York by the various lines now are: Vendalia. \$16; Bee-line, \$14.50; Wabash, \$13.50; Ohio & Mississippi, \$12.50. The Bee-line, and Wabash and the Ohio & Mississippi are determined to retain the old differentials, and the Vandalia is equally determined that they shall not. All are stubborn and a \$1 rate to New York is looked for as the ontcome of the war.

### Personal, Local and State Notes.

The management of the Cincinnati. Cleveland & Sandusky road tell the friends of the property in the East that the earnings, in every respect, are highly satisfactory, and that the outlook grows brighter daily.

It is becoming more difficult than ever for shippers to secure cars to forward east-bound tion that the trunk lines are shaping up matters to advance rates, and are holding cars back. According to Poor's Manual the average net earnings of the railroads of the United States in

1887 was \$2.444 per mile against \$2,376 in 1886, \$2,185 in 1885, \$2,318 in 1884, \$2,762 in 1883, and \$2,670 in 1882. The average net earnings per mile for the five years, 1882 to 1886 inclusive, is \$2,450 per mile. All pieces of baggage carried on the Bee-line or the I. & St. L. for local points now have the name of the station where the piece of baggage is to go to distinctly marked by a tab separate

from the check. Under this method of doing business it is impossible for a piece of baggage to go astray unless there is carelessness by the baggagemaster. The Ohio river committee of the Central Traffic Association issued a circular yesterday announcing that, until further notice, the roads represented on the committee and the connecting lines leading southward from the Ohio river

will transport free of charge all supplies donated for the relief of the yellow fever sufferers in the The Evansville Journal has this to say about

the new Union Station: "The Union Depot at Indianapolis is finished and the cars are running into it. It is another monument of architecture for Indianapolis built by outside capital. It's a daisy, as fine and commodious a union depot as there is anywhere. It covers two of the long blocks, crossing Illinois street. A tunnel runs under the street for the passage of street-cars and vehicles. The people, some of them, are kicking because the depot wasn't left open in the center to enable street-cars and vehicles to cross, get run over or delay the trains. The people of Indianapolis, some of them, are chronic kick-

Business is improving with the railroads, despite the alleged demoralization, which is demonstrated by the increases in earnings that nearly all the roads are showing, and with the marketing of the crops the showing will be still more favorable. As to the matter of rates, it need not be expected that the old rates will be put permanently in force again. The tendency of the whole transportation system of the country is to give cheaper and cheaper service, and the minimum level has by no means yet been reached. No charges in the civilized world have been reduced so rapidly as those of Americanrailroads, and powhere in the world are the closest economies brought more practically to the direct benefit of the people than by the socalled "soulless corporations."

In a publication recently issued by the Pennsylvania Compay occurs this paragraph. "The employes of the Pennsylvania lines are compensated sufficiently to make them self-respecting and reliable, and are diciplined to the highest standard. A powerful preventive of discord is that men filling the highest offices are expected to consider themselves employes as well as the humblest. Subordinates are expected to follow their instructions to the letter, to pay due respect to their superiors, and at the same time superior officers are required to be considerate and just in intercourse with subordinates. All understand that they must work together for the common good of the service, and a personal

Amusements.

Neither the Grand nor English's will be open during the rest of this week, but the Park will continue giving performances, afternoon and evening, of "The Emigrant," by P. F. Baker and his company. He is doing a fine business there.

Johnson & Slavin's company, who will appear at the Grand next Monday night, are credited with giving the cleverest and most entertaining performance of any company of its kind. It is especially strong in comedians. Seats will be tower at 9 o'clock last night to attend to a fire on sale to-morrow. in a stable in the rear of 785 North Delaware | Said Dudley McAdow yesterday, "Miss Hilds

Thomas, an Indianapolis lady, is making a decided hit in the new musical comedy. 'Fashion, which I represent. Her acting is clever, and her singing is one of the best features of the performance. She is being very highly praised by the critics all around for her work.

Request for Right of Way.

General Superintendent Woodard, of the Louisville, New Albany & Chicago railroad, is in the city on business connected with the effort of the company to secure an entrance to the city by way of the canal bank. He says he does not see why there should be any serious opposition to the right of way ordinance introduced into the Council on Monday night. He cites the fact that all other roads have been granted the privilege of reaching the Union Station over their own tracks, and does not see why there should be any discrimination against the L., N. A. & C. The company will, he further says, if allowed to enter the city, invest a large sum of money. Every foot of ground occupied will be well paid for, and the company will erect a round-house and repair shops in which a good many men will be employed. He also says that as soon as the line into the city can be completed a bandsome freight depot will be built. In regard to the best route into the city, Mr. Woodard thinks it would be desirable to come in alongside the Big Four track. The lines could be laid close together, and people would not be any more inconvenienced than now.

Seminary Boys' Reunion. The tenth annual reunion of the Old Seminary Boys will take place Oct. 3, at the exposition grounds. The committee having the reunion in charge consists of Ignatius Brown, S. V. Morris, R. E. Smith, E. F. Norwood and F. W. Hamilton. On the occasion of the reunion an ample repast will be served by the wives and daughters of the members. The ladies composing the committee on arrangements are Mrs. Henry Cobarn, Mrs. J. M. Todd, Mrs. McCready, Mrs. Fielding Beeler. Mrs. Julia A. Moores, Mrs. Kate Bullard, Mrs. V. T. Malott, Mrs. J. M. Wood, Mrs. Jos. Robinson, Mrs. J. K. English, Mrs. M. Igoe and Miss Catherine Merrill.

#### Traveling Men at Columbus.

The indications are that the commercial travelers' excursion to Columbus, O., on Friday evening, will be well patronized. Saturday is "drummers" day at the exposition in that city, and Indiana hopes to have the largest repreat 9 o'clock. The round-trip fare, \$2.50, includes chairs. D. C. Griffith, of Griffith Bros., is chairman of the committee on arrangements and will give all information concerning the trip.

a man for groaning when he has Rheumatism or Neuralgia. The pain is simply awful. No torture in the ancient times was more painful than these twin diseases. But-oughtn't a man to be blamed if, having Eheumatism or Neuralgia, he wont use Ath-lo-pho-ros, when it has cured thousands who have suffered in the same way? It has cured hundreds after physicians have pronounced them incurable.

"The skill of five physicians could not cure me of Rheumatism which had settled in the hips, neck and shoulders. So intense was the pain that sleep was almost impossible. The first dose of Athlophoros gave me relief, and the third enabled me to sleep for four and a haif hours without waking. I continued its use, and am now well."

#### A REMARKABLE CASE.

The well-known Carlsbad Sprudel Salt produced from the Natural Springs of Carlsbad, better than any of the so-called blood purifying reme-

The cashier of M. Guggenhelm's Sons, 96 and 98 Franklin Street, one of the largest import bouses in

the United States, writes under date of June 30, 1888, as follows: For years I have suffered from abscesses which always formed on the back of my neck, and had to be out from time to time to obtain relief. I used all sorts of blood purifiers, but without avail. The abscesses would always reappear. I suffered very much pain until my physician advised me to use the genuine imported Carlsbad Sprudel Salt (powder genuine imported Carisbad Sprudel Salt (powder form). I used this for about four weeks, and since that time I have been entirely free from the disease. My complexion cleared, and I have enjoyed good health ever since. I cannot speak too highly of this really valuable remedy, and have recommended it to all my friends, who also speak of its wonderful offects-as a laxative. Yours very respectfully,
I. MEYERS.

Dr. A. L. A. Toboldt in a paper read before the Ninth International Medical Congress, speaks of the genuine imported Carlsbad Sprudel Salt (powder My experience with the Carlsbad Sprudel Salt

Powder in constipation, diseases of the stomach, liver and kidneys, diabetes, gout, rheumatism, etc., has been such that I may truly say, that no remedy which I have ever used has given me so much pleasure and profit as this particular one. Dr. Lustig in his book on the action of Carlsbad Water, says: I may here state that in chronic abdominal ail-

ments, constipation, gastrie catarrh, dyspepsia, dis-

eases of the stomach, liver and kidneys, diabetes, gout and rheumatism, we know of no more efficacious,

rational or simpler remedy than the Carlsbad Mineral Water and the Carlsbad Sprudel Salt. A person can at any time of the year, without the least interruption to business, and with very little cost, not only remove any of the above ailments but also prevent their further developement by the use of this remedy. The genuine Carlsbad Sprudel Salt Powder is put up in round bottles. Each bottle comes in a paper cartoon and has the seal of the city of Carlsbad, and the signature of Eisner & Mendelson Co., Sole Agents, around the neck of every bottle. All others are worthless imitations. Pamphlets and Dr. Toboldt's lecture mailed free upon application. Eisner & Mendelson Co., 6 Barclay Street, New York, Sole
